

LiFePO4 Lithium Ion Battery With UPS And Support Solar Panel Charging Portable Power Station

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Battery: LiFePO4 Lithium Ion
- Product Name: Portable Power Station
- Discharge Temperature: -4-113°F/-20-45°C
- Voltage: AC110~220V
- Power Source: AC Adaptor, Solar Panel, Other
- DC Output: USB-C
- Battery Type: Lithium-ion
- Highlight: **LiFePO4 Lithium Ion Battery UPS, Solar panel charging portable power station**

Product Description

Product Description:

The Portable Power Station features a Type C DC output, which provides fast charging capabilities for compatible devices. This allows you to charge your phone, tablet, or laptop quickly and efficiently, even when you're on the go. Additionally, the power station comes equipped with a built-in flashlight, which can be used in emergency situations or when you need to navigate in dark environments. The RV port and cigar lighter also make this power station a great choice for outdoor enthusiasts. Whether you're camping, hiking, or spending time in your RV, the Portable Power Station can provide the power you need to keep your devices charged and your appliances running.

The Portable Power Station is powered by a lithium-ion battery, which provides reliable and consistent power output. This battery type is known for its durability and long lifespan, making it a great choice for a portable power source.

In order to recharge the Portable Power Station, you have a few different options. You can use an AC adaptor to charge the power station from a wall outlet, or you can use a car charger to charge it while you're on the road. For those who prefer to use renewable energy sources, you can also use a solar panel to charge the power station. This makes the Portable Power Station a great choice for those who want a reliable and versatile power source that can be used anywhere.

Overall, the Portable Power Station is a great choice for anyone who needs a reliable and versatile power source for their devices and appliances. With its Type C DC output, built-in flashlight, RV port, and cigar lighter, this power station is the perfect choice for outdoor enthusiasts and frequent travelers. And with its lithium-ion battery and multiple charging options, you can be sure that you'll always have the power you need when you need it most.

500W Portable Back-up Power Station

AC / DC / USB / LED Lighting / Car charger outlet

Uniphase
output

Three charging
methods

Sine Wave

Safety design
six protections

110V/220V
output

Features:

Product Name: Portable Power Stations

Output Wave: 1000W Sine Wave

Battery Type: Lithium-ion

Working Humidity: 10-90%

Voltage: AC110~220V

Model: LA1000W

High capacity portable solar power station

Fast charging Lifepo4 battery

Pure Sine Wave

Technical Parameters:

Battery	LiFePO4 Lithium Ion
Output Wave	1000W Sine Wave
Model	LA1000W
Keywords	Solar Power Station, Outdoor Cabinet Energy Storage, Pure Sine Wave
Product Name	Portable Power Station
Voltage	AC110~220V
Power Source	AC Adaptor, Solar Panel, Other
Special Features	Type C, Flashlight, RV Port, Cigar Lighter
Product Size	9.84*5.51*6.69in/ 250*140*170mm
Discharge Temperature	-4-113°F/-20-45°C

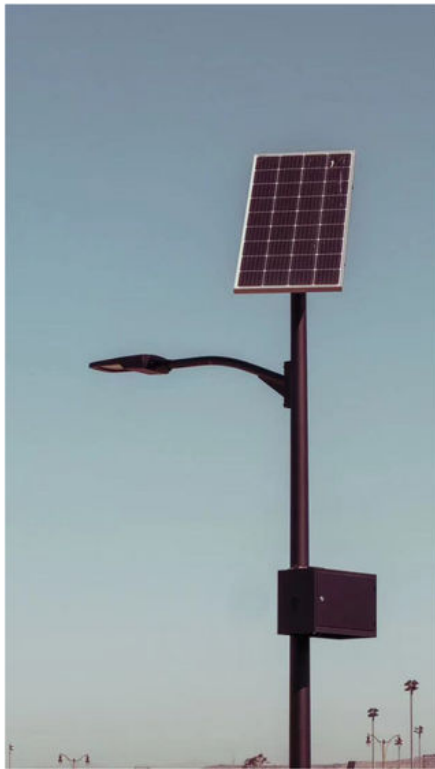

Applications:

The enook portable solar power station can be charged in three different ways: AC Adaptor, Car, and Solar Panel. This makes it a versatile power source that can be charged wherever you are. If you have access to an AC outlet, you can use the AC Adaptor to charge the power station. If you are on the go, you can charge the power station in your car. If you are in an outdoor setting, you can use the Solar Panel to charge the power station using the power of the sun.

The enook portable solar power station is perfect for use in a variety of scenarios. If you are going on a camping trip, you can use it to power your lights, portable stove, and other devices. If you are going on a road trip, you can use it to charge your phone and other devices while on the go. If you experience a power outage at home, you can use it to power your essential devices until power is restored.

The enook portable solar power station is certified by CE ROHS FCC UN38 .3 MSDS, ensuring that it meets the highest safety and quality standards. With a minimum order quantity of 4, this power station is perfect for families, outdoor enthusiasts, and emergency responders. With a working humidity of 10-90%, this power station can be used in a variety of environments.

Applications

Solar street lamp

RV energy storage

Emergency rescue

Backup power for outdoor camping

Support and Services:

Our Portable Power Stations are built to last and offer reliable power solutions for your off-grid adventures. Our technical support and services team is dedicated to ensuring that you have a seamless experience with our product. Here are some of the services we offer:

[24/7 online technical support](#)

[Product manuals and instructional videos](#)

[Product warranty and repair services](#)

[Expert advice on how to optimize and extend your battery life](#)

Our team is committed to providing you with the highest level of support and service. If you have any questions or concerns about our Portable Power Stations, please do not hesitate to reach out to us.

Packing and Shipping:

Product Packaging:

The Portable Power Station will be packaged in a sturdy and durable cardboard box for safe transportation. The box will also include the user manual, power cord, and any additional accessories that come with the product.

Shipping:

Our company offers free shipping for all Portable Power Stations within the United States. Shipping takes approximately 3-5 business days from the date of purchase. For international orders, shipping costs will vary depending on the destination and shipping method. Customers will receive a tracking number via email once the product has shipped.
