

Deep Cycle Lifepo4 Lithium Ion Batteries 3.2v 100ah 102ah 105ah 280ah

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: 3.2V Lifepo4 Lithium Ion Battery
- Minimum Order Quantity: 4
- Supply Ability: 10000

Product Specification

- Battery Type: 3.2V 280Ah Lifepo4 Battery
- Storage Temperature: 0 ~35
- Size: 118.5(H)*160(W)*50.1(T)
- Standard Charge-discharge Rate: 0.5C(P)
- Discharging Temperature: -35 ~65
- Voltage: 3.2V
- Grade: Grade A & Brand New With Original QR Code
- Feature: Deep Cycle Lifepo4 Battery Cell
- Highlight: 100ah lifepo4 lithium ion batteries, Deep Cycle Lifepo4 Lithium Ion Batteries

Product Description

Product Description:

Featuring a prismatic pack shape and a standard charge-discharge rate of 0.5C(P), this deep cycle Lifepo4 battery cell is designed to provide long-lasting power and performance, no matter where your adventures take you. It's the perfect choice for anyone who needs a reliable and durable battery for their electric bike or other vehicle.

The EVE LifePo4 Lithium Ion Battery is available in a range of sizes, including 60v 15Ah, 20Ah, 30Ah, 40Ah, 45Ah, 50Ah, and 60Ah, so you can choose the right size and capacity for your specific needs. And with its Hailong electric bike battery design, it's easy to install and use, making it a great choice for anyone who wants to get the most out of their electric bike or other vehicle.

In addition to its reliable performance and durable design, the EVE LifePo4 Lithium Ion Battery also features a wide range of safety and convenience features. It has a discharging temperature range of -35 ~65 , ensuring that it will work well in a variety of different weather conditions. And with its high-quality construction and attention to detail, you can be sure that this battery will provide you with years of reliable use.

So why wait? If you're looking for a reliable and efficient lithium E-bike battery for your electric bike, mountain bike, motorcycle, or bicycle, the EVE LifePo4 Lithium Ion Battery is the perfect choice. With its deep cycle Lifepo4 battery cell, Hailong electric bike battery design, and range of sizes and capacities, it's the ultimate solution for anyone who needs a high-quality battery that they can count on. Order yours today and start enjoying the benefits of reliable and efficient power!

Product Parameters

Model	LF280K	Dimension (L*W*H)	174*208*72MM
Nominal Voltage	3.2V	Nominal Capacity	280AH
Impedance	≤0.25mΩ	Cell Weight	5.42Kg
Discharge Temperature	-20~55°C	Cycle Life	8000 Times
Discharge Cut-off Voltage	2.5V	Charging Cut-off Voltage	3.65V

Features:

Product Name: LifePo4 Lithium Ion Battery

Grade: Grade A & Brand New With Original QR Code

OEM/ODM: Yes(Accepted)

Technical Parameters:

Applications:

This battery is perfect for e-bike manufacturers who want to create a high-quality, reliable electric bike that can be used for various applications. The battery can hold a charge for a long time and can be used for long distance travel. It is also lightweight, weighing between approximately 4.0~40.0kg depending on the capacity, making it easy to carry and install.

One of the popular applications of this battery is the Hailong electric bike battery. The battery is designed to be compatible with Hailong electric bikes and can be used as a replacement battery or as a spare battery for long journeys. The battery has a standard rating cycle of ≥ 6000 (0.5C/0.5C), which means that it can be used for a long time without needing to be replaced.

In conclusion, the enook 3.2V Lifepo4 Lithium Ion Battery is a high-quality battery that is perfect for e-bike manufacturers who need a reliable, lightweight, and long-lasting battery for their electric bikes. With a minimum order quantity of 4 and a supply ability of 10000, this battery is an excellent choice for anyone who needs a reliable battery for their electric bike.

Support and Services:

Our LifePo4 Lithium Ion Battery product comes with a comprehensive technical support and services package. Our team of experts are available to assist you with any queries or concerns you may have regarding the product. Our technical support services include:

[Installation guidance and support](#)

[Troubleshooting assistance](#)

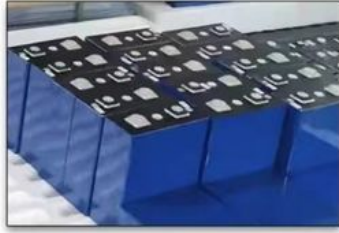

[Product training and education](#)

[Warranty and repair services](#)

[Product customization and design services](#)

We are committed to providing the highest level of support and services to ensure that our customers are satisfied with their purchase and can fully benefit from the features of our LifePo4 Lithium Ion Battery product.

Large Stock

Packing and Shipping:

Product Packaging:

The LifePo4 Lithium Ion Battery will be packaged securely in a sturdy cardboard box to prevent any damage during shipping. The battery will be placed in a protective foam insert to provide additional cushioning and ensure it stays in place during transit. The box will be labeled with the product name and handling instructions for the carrier.

Shipping:

The LifePo4 Lithium Ion Battery will be shipped via a reputable carrier to ensure timely and safe delivery. The carrier will be instructed to handle the package with care and follow any special handling instructions displayed on the box. A tracking number will be provided to the customer once the battery has shipped.

TEWAYCELL PROTECTION OF LIFEPO4 BATTERY PACKAGING

We can pack one LifePO4 cell in one foam box or four LifePO4 cells in one foam box under the premise of safe transportation according to customer requirements.

FAQ:

- Q: What is the brand name of this lithium-ion battery?
A: The brand name of this battery is enook.
Q: What is the model number of this battery?
A: The model number of this battery is 3.2V Lifepo4 Lithium Ion Battery.
Q: Where is this battery manufactured?
A: This battery is manufactured in China.
Q: What certifications does this battery have?
A: This battery has CE, ROHS, FCC, UN38.3, and MSDS certifications.
Q: What is the minimum order quantity for this battery?
A: The minimum order quantity for this battery is 4.
Q: What is the supply ability of this battery?
A: The supply ability of this battery is 10000.
